# GENÇLİK OTOBÜSÜ (YOUTH BUS)

**What is Gençlik Otobüsü (Youth Bus)  
and GO Token?**

## What is GO?

The “Gençlik Otobüsü” (Youth Bus) project is the world's largest youth mobility project, created by MCD in 2010 to offer free European opportunities to young people.

The aim of our “Gençlik Otobüsü” project is to offer European opportunities free of charge to our youth living in our country, to broaden their horizons by giving them new visions, and to help them grow up as beneficial leaders for our country.

In order to participate in our project, it is necessary to have a “Gençlik Otobüsü Genç Kart”. (Youth Card)

We aim to take more of our Genç Kart holders to Europe with the revenues from GO Token. We aim to help more of our young people achieve their dreams by funding the support we give to our members representing different sectors.

# Around The World in 90 Days?

Within the scope of "Gençlik Otobüsü" project, 100 youth will have the opportunity to travel to 32 countries and 46 cities in Europe in 90 days.

# PROJECTS

**Türkiye Gençlik Ödülleri (Turkey Youth Awards)**

**Türkiye Gençlik Buluşması (Turkey Youth Meeting)**

### **“Türkiye Gençlik Ödülleri” (Turkey Youth Awards)**

The first award ceremony was held in February 2015 with a record number of 6,075,971 votes.

440 candidates were nominated in 44 categories.

Our “Turkey Youth Awards” has the feature of being the award with the most comprehensive categories voted for in our country so far.

It is the most voted award ceremony in Turkey.

### **“Türkiye Gençlik Buluşması” (Turkey Youth Meeting)**

It is the world's largest youth gathering, which has been held for 8 years within the scope of our "Gençlik Otobüsü" project. Tens of thousands of applications are made to our project every year. In the past years, 180,000 young people applied to our project.

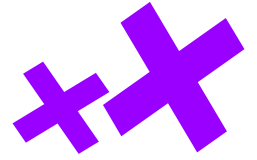

Within the scope of our project, 6,000 young people are selected among the applications made every year, and leadership training is provided by bringing together the leading names of our country's business, arts, sports and politics world.

We contribute to the personal development of our youth through the leadership meeting we organize.

TECHNOLOGY  
AND OUR  
VALUES

## **Blockchain and our Values?**

We know that auditable and secure distributed systems will be one of the most important technologies of the future, and we work with the motivation to be a pioneer for the future.

Blockchain technology; It eliminates the need for mutual trust and allows data to be audited and securely recorded. In this way, businesses can devote more time to production instead of inspection.

The trust in GO Token and our other solutions is very important for our youth and sponsors. However, we also know that quality does not come about only with trust. For this reason, we aim to bring our technological infrastructure together with our youth and sponsors with transparent and auditable blockchain solutions in order to minimize the need for mutual trust.

- **A set number of Go Token holders are provided with free tokens to be used in the Go Game.**

- **A set number of Go Token holders will receive free Go T-Shirts and Go Cups.**

# SOLUTIONS

**GO Wallet**

**Voting System**

**Event System**

## ● **GO Wallet**

GO wallets do not actually store your cryptocurrency, unlike regular wallets where fiat coins are stored. Your assets are on the blockchain and can only be accessed using the private key.

Your keys prove ownership of your digital currency and allow you to transact. If you lose your private keys, you also lose access to your funds. That's why it's important to keep your hardware wallet secure or use a reliable wallet provider like Askon.

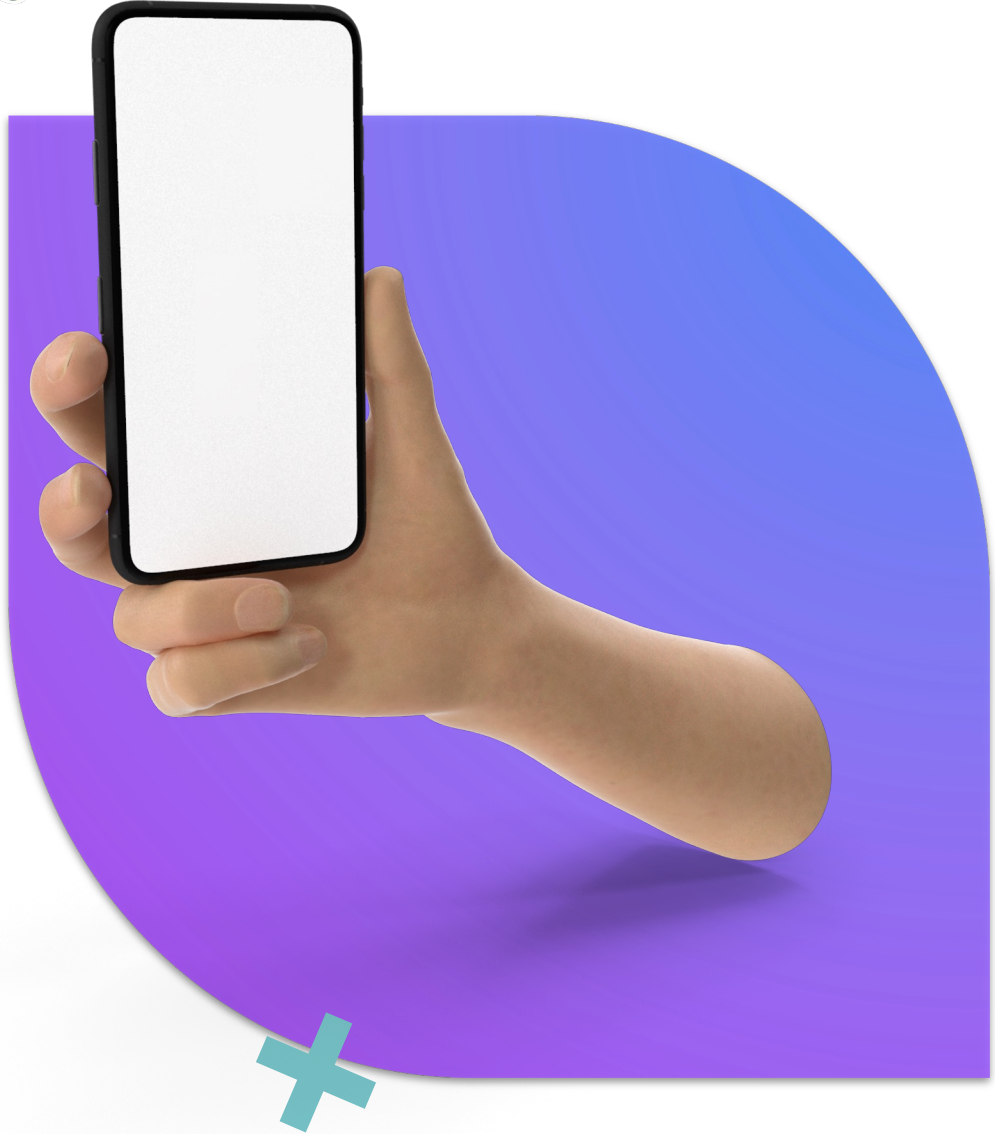

# ● **Voting System**

With the Voting System application; Youth Card members will have the right to have a say within a transparent and blockchain-registered system, and they will be able to form a democratic structure by voting on any issue.

Our members; they will both be aware of future innovations and shape the future of young people with their votes.

At the same time, a transparent voting system based on blockchain will take place in our Turkey Youth Awards organization.

## ● **Event System**

With the GO Event System, you can be instantly informed about all the organizations to be held, especially the Turkey Youth Awards.

At the same time, you can participate in organizations, apply for a Youth Card and be informed about all processes.

## Göz Kulak Oluyoruz

Gençlik Otobüsü 1'de fikir olarak hayata geçirdiğimiz "Göz Kulak Oluyoruz" projesi; 4 adet hikâye ve 2 adet müzik eğitim kitaplarını aralarında Feridun Düzağaç'ın da bulunduğu çeşitli sanatçılara seslendirmeleri ve betimlemeleri yaptırılarak, 14 Kasım 2012 tarihinde AB Bakanımız ve Baş Müzakereci Sayın Egemen BACIŞ'ın, Ak Parti İstanbul Milletvekili ve MİYK Üyesi Sayın Abdülkadir ASKUN'un, protokolün, misafirlerin ve öğrencilerin katılmalarıyla Kocatepe Kültür merkezinde engelli vatandaşımıza ücretsiz olarak dağıtım gerçekleştirilmiştir.

www.mcdgenclikkulubu.com

**Within the scope of the "We are the Eyes and Ears" project initiated in 2010 for our visually impaired citizens, our club voiced and described 6 stories and 2 music education books to various artists, including Feridun Düzağaç, and distributed them free of charge to our disabled citizens on 14 November 2012 at the Kocatepe Cultural Center.**

With the collected GO Tokens, the number of Youth Bus members determined are given the right to vote more than once at the Turkey Youth Awards.
